

Welcome!

Dear customer, we thank you for installing Encryption Suite Pro - the ultimate encryption utility for the Windows family of products. We hope that you will be satisfied with our program and will register it for your use.

Introduction

Encryption Suite PRO has a modern easy-to-use interface, and provides support for most compressed and encrypted files, as well as access to many powerful features and tools. We believe that Encryption Suite Pro is the most complete encryption and archive utility available today.

About this help

This help file is very comprehensive, and it will answer every question you might have about Encryption Suite Pro or one of its features. It starts with simple Tutorial , that shows you the most basic use of Encryption Suite Pro and then goes on to explain every feature and function of Encryption Suite Pro. While our help is easy to read, it anticipates knowledge of basic computer skills - if you are not familiar with terms such as file, encryption, folder or window, you might need to work on your basic computer skills before learning how to use Encryption Suite Pro. Other than that, Encryption Suite Pro should be easy to learn and use.

More about Encryption Suite Pro

Encryption Suite Pro contains all the basic features you would expect from an encryption and compression/archive utility - you can encrypt, decrypt and extract from many different formats and

you can also create archives in various encrypted formats, including 7-Zip which is one of the best compression formats currently used. What makes Encryption Suite Pro different from many similar utilities is the wealth of advanced features it has. Simply put, Encryption Suite Pro is one of the most innovative utilities and contains many features useful for encryption/compression needs. These include our new modern interface - licensed from Microsoft Office UI, powerful explorer shell extensions, file encryption/decryption in various formats, password manager, advanced encryption support via Secure Storage Drives, Office Documents/PDF encryption and verification, skinning support, as well as many other tools. Encryption Suite Pro prides itself on its simple, smarter way of doing things throughout the whole application.

Ordering

Please remember that Encryption Suite Pro is not a free program. Developers and their families depend on our users to register Encryption Suite Pro for home or business use. Encryption Suite Pro is one of the most used programs in the world, yet less than 0.1% of people that use it actually pay for a license. Please purchase your copy of Encryption Suite Pro:
